This is the parties' second request for extension of responsive deadlines following the removal to federal court, and is not intended to cause any delay or prejudice to any party. One extension of the responsive deadline was stipulated to in the state court, prior to removal, and one extension before this federal court. The parties have actively engaged discussions regarding the claims and defenses of the case and are exploring a possible early settlement of the case designed to reduce attorney's fees and costs incurred in the case and resolve the underlying issues asserted in the Complaint. As such, this second request should allow the parties sufficient time to efficiently explore settlement without expending unnecessary time and resources.
